A Letter From The President

Greetings members! Hoping all are enjoying a break from the extreme heat throughout July! Despite the heat, our Club had a very busy month.

CONGRATULATIONS to Margie Byrd for winning the Ladies Championship Flight last month and attaining her 4 th title as Lady Club Champion!

July 4 th festivities had the Club full of member families and their guests enjoying all we have to offer. Also in July we hosted our largest tournament of the year in supporting the Onancock Volunteer Fireman's Tournament, held several successful tournaments and other events including a packed Clubhouse for the Annual Eastern Shore of Virginia Chamber of Commerce Dinner, enjoyed live music around the pool, continued to have busy pickleball and tennis courts, and ended the month with hosting the Annual Bayside Poker Run Awards Ceremony with approximately 150 boaters and participants.

Thank you to Brad and staff for continued work in the Pro Shop and golf activities, Chef Kayleigh and staff for providing the delicious food we enjoy, Luke and staff for providing members with their service and giving that extra touch for special events, Andrew and staff for 'pushing through' last month and continually ensuring our golf course and grounds are properly maintained even with the extreme heat and weather conditions, and Chris for his overall management in all facets of our Club, which is currently busier than ever in the last 30 years. I have shared with all our managers that Boards of Directors in recent years are responsible for providing the direction on increasing membership resulting in our current number just shy of 550 memberships.

While this allows our Club to serve more people, provide additional Capital for needed improvements, and helps ensure the Club's future, it also presents challenges for adjusting to this new level and providing 100% satisfaction for all.

I shared my commitment that our Board not only stands by our Management, but that we are also here to help support them in areas/needs they share with us. We are currently filling committees that have not been extremely active in order to adequately provide assistance. The following are some exciting highlights to share about our Club last month: fuel is now easily accessible to boaters due to the installation of lines to the dock with retractable fuel hose. (THANK YOU Paul Custis and Marina Committee for getting this to the finish line, and Ben Nowlan for his installation of fuel lines, etc. and for supporting our Club); and Capital Projects approved were the completion of topping the service access road from our parking lot to the maintenance shed, and architectural study for Tiki Bar building and patio area to better serve the many members who enjoy the pool area during warm months.

Tournament signup sheets are posted in the Pro Shop, including the upcoming Men's Member/Member AND Member/Guest.

We appreciate your support of these and other planned activities. I would like to thank Amaris for her support and the important role she has ably provided as Office Manager the last several years and wish her the best on the upcoming birth of their child and new church venture. To our student employees who are returning to high school or college this month, our thanks for your hard work, and wishes for continued success in your education.

I hope to see you all around our Club soon!

**Best,
John T. Williams, Jr.**
