A Letter From The President

Happy New Year! Let's make 2023 a great year together. I have found the Eastern Shore of Virginia and more specifically the Eastern Shore Yacht and Country Club to be disproportionately occupied by people of great kindness, caring, friendliness and generosity. While we have issues and things in need of improvement like all areas, the pleasant climate and beautiful nature seems to attract and retain people who value and enhance this pleasant way of life.

So as we begin the futuristic sounding 2023, I challenge us all to help make this the future we would like to live in. While thinking of the future tends to lead to thoughts of glittery new technology, my thoughts are more of health, prosperity and happiness. Small things can add up to big results when many participate and they are practiced frequently. So as a club and community, when we practice frequent civility, kindness and caring we help make each other and our world a better place. Likewise small acts like eating healthier foods, being active and engaging with friends enhances our own health and happiness.

While this may be quite simplistic, I believe it has the ability to significantly improve our immediate community and uplift the people around us. As we enjoy the positive feedback from our neighbors, friends and family, we are more motivated to help those who could use our help or kindness and take on things that we feel could be improved.

While it is disappointing that 2023 has arrived without the flying cars promised on the Jetsons, we do have amazing communication technology that we carry around in our hands. So let's resolve to use it for good along with old school face to face interactions where smiles, nice words and good intentions are contagious and can make a huge difference.

Cheers from the 6th Fairway,

Peter

MANAGEMENT HIGHLIGHT

Each month we will highlight a member of our management team, with excerpts from the article written by Bill Sterling.

Amaris Mazziott, business manager at ESY&CC

Since Amaris Mazziott became business manager at the club two years ago, she has seen a huge increase in membership, from 300 members to about 500 now.

“It’s been a huge increase and more work, but I like to stay busy,” said Mazziott, 25, whose major in college was pastoral ministry.

Her husband, John, is the youth minister at His Way in Fellowship in Melfa, and they have a 2-year-old son. She is children’s minister and worship leader at the church, which will soon break ground on a building project that will increase seating capacity from 70 to 250.

Commenting on her interactions with ESY&CC members, Mazziott said, “Although I don’t get to interact with the members as much as some of our staff, I really enjoy the relationships I have with club members, but I also realize they might not always like to hear from me because it’s usually when I send a bill.”

“There are so many many things to love about Eastern Shore Yacht and Country Club,” Mazziott said, displaying her ever-present smile. “I have an incredible workplace view, with the warmth of the fireplace and the amazing view of Taylor Creek; we have an incredible staff that are so funny and kind; but most of all my favorite thing about working at the club are its members who are incredibly thoughtful and hospitable. There’s a lot of times where I am easily reminded that I am incredibly blessed to work here.”
