# A Letter From The President

Greetings, members! A warm welcome and heartfelt thanks to all for supporting our Club as we enter our new fiscal year on July 1st. As I begin my term as President, I would like to express my immense gratitude and appreciation to our outgoing President, Peter Turlington, who skillfully led our Club for the past 3 ½ years. Peter's exceptional leadership involved overseeing the complete rebuild of our Sports Facility and Clubhouse, navigating the uncharted issues and challenges brought on by the pandemic, and fostering unprecedented membership growth. Under his guidance, our Clubs membership soared from approximately 190 to an impressive 544 memberships. While many others played a crucial role in our success, Peter's calm demeanor and diligent oversight of numerous tasks will always be greatly appreciated. Well done, Peter!

I have had the privilege of serving on the Board of Directors for our Club on three occasions over the past 20+ years. My most recent appointment came after a phone call from then-President Steve McClaskey in the early hours of the morning following the devastating Clubhouse fire. Without hesitation, I accepted the responsibility and acknowledged that although it was a tragic event, it presented an opportunity for us to rebuild and create a "new" Club with state-of-the-art facilities that would foster growth. We had one chance to get it right.

I believe that the Boards and committees have exceeded expectations since the fire, and personally, I am thrilled with the remarkable growth in membership. It brings me great joy to see so many families enjoying the Club in various ways. I was fortunate enough to spend the last four days at the Club, relishing in the pool, food, drinks, and golf. It was a delight to reconnect with old friends, make new acquaintances, and interact with our dedicated staff. With the surge in membership over the past three years and the introduction of new and upgraded offerings, it is imperative that we continually assess and improve our service to ensure we not only meet but exceed your needs. While some upgrades and needs require financial resources as planned and available, one aspect that does not necessitate significant funding is service. I am fully committed to working with Chris and all our managers to maintain a high level of member service and enhance it as our Club evolves, both now and in the future. We currently have several ongoing capital improvement projects, with more planned, all aimed at keeping our physical facilities in optimal condition, including necessary upgrades, as we move forward. In conclusion, I kindly request that all members know their comments and suggestions are not only welcomed but also encouraged. Your firsthand information is invaluable in helping us better serve you. I would like to extend my sincere gratitude to the many members who have volunteered their time and expertise in various ways in the past, greatly assisting the Club. Please feel free to contact me or Chris if you have any interest in joining a committee or if your background lends itself to contributing in other ways. By working together and harnessing the diverse talents within our membership, we can ensure the ongoing success and enjoyment of our Club for many individuals and families, both now and in the future.

With warm wishes and heartfelt appreciation to all,

- John T. Williams, Jr.
