A Letter From The President

Summer 2023 has arrived! While the weather for Memorial Day weekend was not ideal, it is certain to be warming in the coming weeks and offering great opportunities for golfing, tennis, pickleball, boating or enjoying the pool. The improved tiki bar is now open for summer with basic food items cooked in the tiki bar or expanded menu items available delivered from the clubhouse kitchen. Check out the enhanced tiki bar and let us know what you like and what areas could be improved further.

The cart path from the 9th hole has been improved past the dock and pool to the pro shop. The cart path was topped with recycled road millings, which make a nice surface and are a bit less expensive than stone. Let's us know if you like it, there are plans to grind roots where needed and continue to add more cart paths to the golf course as funding allows prioritizing high traffic areas first.

The annual meeting is June 10th and will include a status report of the condition of our club as well as voting for new officers and Board Members. Following the meeting will be a celebration party on the patio so I hope everyone can make it.

Cheers,

Peter Turlington

LGA Corner

The first LGA summer event is also our final Thursday event and a perennial favorite:

June 15: Summer Scramble. This is a team event and mixes our 9-hole and 18-hole players. "Best ball" format, i.e., everyone drives; pick the best ball; everyone hits from there; pick the best shot; everyone hits from there, etc., etc., etc. into the hole. Sign up in the Pro Shop by June 13.

June meeting and lunch will follow play on the 15th. One topic certain to be on the agenda will be final details for the Women's Peninsula Golf Association (WPGA) tournament that LGA is hosting on June 27. If you haven't already volunteered to help, Judy Neely will be finalizing those details. If you want to play in this event, put a team together and sign up by June 19

We would like to extend a heartfelt appreciation to Benjamin Nowlan and his team at Underground Connections. Thanks to their efforts, our dock waterline has been restored and very soon they will be setting up our retractable fuel line. They are a fantastic group of individuals to collaborate with, who are highly reliable, adaptable, extremely meticulous and expeditious in carrying out their tasks.
